

Breakfast in the morning sun

A delicious breakfast on the balcony when the sun is already shining? Sunbathing on the beach in the afternoon or drink a glass of wine during the sunset? What else do you need? This lovely apartment convinces you completely. Especially families with 2 children appreciate this completely smoke-free accommodation.

Family-friendly holiday home

Jazz is a well furnished holiday home and offers incredible views of the lighthouse and the beach from both the living- and the dining room. Cold evenings you just turn on the fireplace and in the warm room you can watch TV or read book.

Comfortably cuddly

Of course there is no holiday without discovering the surrounding. Walking or cycling through the dunes, visiting the tulip fields or a day trip to the neighborhood towns Leiden, Den Haag or Rotterdam. So you can make your vacation complete in this wonderful atmospheric nature of Noordwijk aan Zee.

Note: the side-wing of the house is exclusively reserved for the owners!
