From the living area, open the doors to the private terrace (15 m²). The terrace is fully tiled, and because it faces southwest, you can enjoy both sun and shade almost all day. A garden table is provided, and if you want to make the most of the terrace, it's recommended to bring your BBQ. You can store your bikes in the bike rack (not covered), and there are two charging points if you're bringing an electric bike. If you're driving, you can park your car in the designated spot next to the shed. It's not allowed to park in the street, but if you have multiple cars, there's a free parking lot about 300 meters away, where you can also charge your electric car.
