

The small but pleasant accommodation is fully equipped. The entrance leads into the spacious kitchen equipped with a stove, microwave, oven, dishwasher, fridge freezer, freezer, kettle, Nespresso machine and filter coffee machine. Directly adjacent to the kitchen is the cosy dining area with a round table that seats four; from the dining table, you have a direct view into the beautiful back garden. Next to the large windows, overlooking the garden, the sitting area offers a double sofa, separate armchair and flat-screen television. The house is functionally furnished with a warm and homey feel. A nice detail: the owner painted the paintings.

The sliding doors between the kitchen and the dining area lead outside onto the west-facing terrace (13 m²), bordered by a covered terrace (28 m²) with a spacious dining table and barbecue grill. If you love the outdoors, this holiday rental is sure to deliver. Next to the covered terrace is the storage room where the washing machine is located. You can relax on the sunbeds in the south-facing garden (600 m²); with plenty of sun and shade spots, there is something for everyone.

The bathroom is next to the kitchen, with underfloor heating, a spacious walk-in shower, toilet and sink with storage and mirror. You access the two bedrooms through the living room. One has a single bed (90 x 200 cm), and the other has a double bed (160 x 200 cm). Both rooms feature bedside tables, closets, chests of drawers and blackout window coverings. A travel cot and high chair are available in the house for small children. The house includes free Wi-Fi. Your pet is welcome to come along for the trip. One pet is allowed in the accommodation. There is one parking space directly outside the house and a large parking lot within walking distance for any additional cars.
