

You enter this accommodation through the simple kitchen, which is equipped with a hob, microwave, fridge with freezer compartment, both Senseo and filter coffee machines and a kettle but no dishwasher. If you continue into the house, you will find a compact dining table with 2 chairs next to the spiral staircase. At the back of the house is a double sofa by the television and, past this, the modern bathroom with a walk-in shower, toilet and washbasin. Via the stairs you reach the upper floor where a large bedroom occupies the entire floor. The bedroom has 2 single beds (80x200cm) that together form a double bed. There are two bedside tables with lights and a chest of drawers plus a clothes rack to store your clothes.

The kitchen leads to the spacious, south-facing back garden (20m2). The holiday home is in the back garden of a house, but the garden is separated by a fence and, therefore, very private. The garden has a luxurious lounge set and a storage box for cushions. There is also a garden table with 4 chairs for outdoor dining. Bicycles can be stored in the garden shed.

You can bring your four-legged friends with you to Zoutelande. 2 pets are allowed in this accommodation. The holiday home has one free parking space on-site.
